

## Technical Specification of Industrial Vacuum Cleaner

Function	Wet & Dry
Suction Power	290 m bar
Capacity	80 Ltr.
Numbers of motors	3
Power	3000 -3600 W
Voltage	230V-50Hz
Stage	Double
Air Suction	1061/S
Sound level	73 db

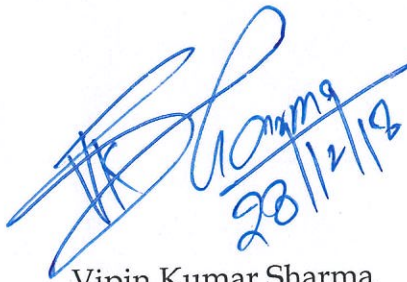

### Features:

- 3 silenced two stage motor
- Suction system with by-pass cooling
- S/S tank.
- Professional closing hooks.
- Static electric shock inhibitor.
- Flex hose 4 m
- Metal extension pipe
- Shock proof trolley.
- Liquid float valve.
- 5 m power cable.
- Accessories Ø 40
- HEPA Filter Cartridge

### Characteristic of material handled:

Average pore size of dust - 0.3 to 5 micron

**Note:** Standard accessories should be provided.
